Quality System
Endorsed
Company
ISO 9001 : 2008

- The new seating provides full access to all the body parts of the patient.
- Absolutely no need for the user to stand off the chair to have their body parts washed.
- The design of this chair is protected by a patent.
- The frame is made from aluminium oval tubing.
- The chair offers features that are unique to Freedom Healthcare.
- For rental or domestic use.
- This chair is highly recommended because it is user friendly for the carer.
- Suitable for hospitals, nursing homes and other institutional use.
- Low maintenance.

SEAT Patented

- the new seating does not require the patient to stand off the chair to wash their body parts.
- The front and the rear of the seat has an open access cut out.
- it allows the carer to clean the body parts of the patient from the front and the rear.

Patented

HBA370

- Seat
- soft polyurethane
- water proof

- Suction rubber tips

- Pail
- pail with lid
- splash guard

- Extension legs
- adjustment pins are spaced at 25mm increments on three extension legs and 12.5mm increments on the fourth extension leg for perfect balance
- Oval shaped tubing prevents the inner and outer tube from misalignment.

Patented Feature

The patient does not need to stand up off the chair
