

EASY LIFT - OVER TOILET AID - SHOWER CHAIR - ALUMINIUM

freedomhca
HEALTHCARE

www.freedomhca.co

- Easy lift seat will self assist the patient into a standing position by pushing the armrest downwards. This will simultaneously raise the seat.
- Suitable for patients who have had hip replacement surgery or suffering from severe arthritis.
- Minimises strain on hips and knees.
- Constructed from light weight aluminium tubing.
- Ideal for rental or domestic use.
- Perfect for hospitals, nursing homes and other institutional use.

PATIENT LIFT SEAT

DIFFERENT ANGLE

When a user wishes to lift themselves off the chair, their natural reaction is to push down on the armrests. By pushing the armrest in a downward direction, The seat will raise simultaneously. Effectively placing the user in a standing position.
